EDUCATION

University of Science in Technology of Southern Philippines (USTP)

B.S. in Computer Science

June 2023 - Present

Summary:

Computer Science student with hands-on backend development experience using Node.js, Express.js, and Django. Experienced deploying full-stack applications using Vercel, Render, and Neon PostgreSQL. Worked remotely as Backend Developer, Website Administrator (WordPress), Web Designer, and Social Media Manager.

WORK EXPERIENCE

Backend Developer (Aug 2025 – Oct 2025)

SE Business Solutions — Part Time

- Developed backend features for a web app called Draftboard using Node.js with PostgreSQL (Neon) integration
- Supported deployment workflows using Vercel for web applications

Wordpress Website Administrator (Jul 2025 – Aug 2025)

SE Business Solutions — Part Time

- Managed SE Business Solutions website updates and plugin configuration using WordPress CMS
- Maintained site content, structure, functionality, and added contributed UI design improvements for live company pages

Social Media Manager (Nov 2025 – Jan 2026)

TapTop & RJGames Company — Part Time

- Produced eye-catching promotional graphics and poster designs for Facebook and TikTok gaming credit platforms using Canva
- Maintained brand consistency across platforms through scheduled content publishing and audience engagement strategies.

Wix Web Designer (Oct 2023 – Jan 2024)

SE Business Solutions — Part Time

- Designed and deployed a client website using Wix, including the Poiema Accounting site and 2 sites for training
- Built responsive layouts based on client requirements to improve usability and presentation

PROJECTS

Draftboard

Backend Developer

- A comprehensive platform connecting brands with creators, featuring a GCash-like payment system with real-time wallet management and Stripe integration.

Capstone Archiving System (USTP-CDO IT DEPARTMENT)

Backend Developer (Final Project)

- Developed a backend API for a capstone repository system with role-based access control for admin, student, and public users, including a bookmarking feature.

Poiema Accounting Website

Wix Website Developer

- Developed a Wix website for an accounting and bookkeeping firm, contributing to their online presence and service communication.

StewardDesk

Personal Project

- Developed a production-ready full-stack Kanban task manager with OAuth authentication, type-safe API generation, and serverless deployment using React, Express, PostgreSQL, and Drizzle ORM.

ACCOMPLISHMENTS & LEADERSHIP

Life Haven Community Builders Fellowship Ministries

Cagayan de Oro City, PH

Media Team and Social Media Team

2025-present

- Facilitated slide presentations and screen media support during services.
- Assisted with announcement posting and digital communication support
